Bethsada Junior School was founded in the year 2005 with a noble intention of establishing a good English Medium School for the children of Airapuram village and nearby places. We have succeeded in this endeavor to a great extent. I am sure that the present team leading the school will take it to great heights of excellence.

Our aim is to provide child-centered, holistic education to the students of pre-primary, primary and secondary classes surrounded by an eco-friendly Campus. We will continue to build upon and refine our foundation of this good work and many worthwhile traditions such as providing quality education to students from all walks of life with none being more important than continuing to build upon our tradition of excellence in education. Our vision is to "Embrace opportunities, unlock potential and inspire excellence." We pledge that this will be our focus daily and we invite and encourage you, our students and parents, to work in partnership with us to seize these opportunities in all five facets of our school:

Academic, Arts, Athletics, Activities and Altruistic endeavors!

Why Bethsada?

Bethsada Junior School understand why it is important to have quality education....

Education give us an understanding of the world around us and offers us an opportunity to use that knowledge wisely.

Irrespective of race, creed and gender, education makes it possible for people to stand out as equal with all other persons from different walks of life. Hence education is the barrier that makes it possible to defeat all barriers.

The school's educational philosophy is child-centered, and the school aims to take a sustained interest in the personal, social and academic development of each student.

"Even small children are known by their actions, so is their conduct really pure and upright?" Proverbs 20:11
